

WHY VOTE?

Because wherever we come from, everyone who lives in Catalonia has the right to decide what kind of relationship we want with the Spanish state. We have the right to decide if the wealth created by the work of all the citizens of Catalonia should be invested in improving the social benefits of our country and the better infrastructures that we need.

IT'S YOUR TURN TO DECIDE!

HOW CAN I VOTE?

Everyone whose name is on the municipal register ('padró') can vote. Your details will not be recorded anywhere when you vote. Just show the Electoral Table the original of your Spanish ID card (DNI), your passport, your foreign resident's ID card (NIE) or your EU citizens register certificate with an address in the town where the referendum is being held. If your identification does not show this address, you will need to prove where you live by presenting your municipal registration or cohabitation certificate issued by the Town Council. These documents are free of charge and are issued while you wait.
